

EGS International Ltd are recruiting a GIS & CAD Analyst

Location: Bordon, Hampshire
Position: Full time, Permanent
Salary: Dependant on experience

Job Description

EGS International are recruiting a GIS & CAD Analyst to be part of a hard-working and dedicated survey team, working on a wide range of marine survey projects.

The successful candidate will be responsible for the following key tasks:

- Creating project deliverables in GIS & CAD formats
- Providing GIS & CAD support for the tendering and survey planning process
- Creating maps and charts
- Conversion of geospatial data into different co-ordinate systems
- Using GIS software for data processing & analysis
- Liaise with Project Managers to define GIS standards and manage geospatial data according to project requirements
- Organising and delivering data using understandable data management methods
- Assisting and supporting all company employees with CAD & GIS related issues

The successful candidate will ideally possess the following attributes:

- 1 or more years of commercial experience
- BSc and/or MSc in GIS or related discipline
- Extensive knowledge of ESRI ArcGIS and extensions such as 3D Analyst
- Experience in using alternative, open source GIS software such as QGIS, MapWindow etc. would be advantageous
- Proficiency in Python would be desirable
- Experience using AutoCAD software
- Experience using Global Mapper software
- Competence in data management
- Ability to support day to day management of GIS data ensuring data quality, geodetic accuracy and integrity.
- Experience of producing INSPIRE/MEDIN metadata
- Good presentation and communication skills

You must live or be willing to relocate to a commutable distance of the EGS office in Bordon, Hampshire

To apply for this position please send your CV and covering letter to: The HR Manager, EGS International Ltd, Unit 27 Woolmer Way, Bordon, Hants GU35 9QE or email: humanresources@egssurvey.co.uk
